GROUP STUDY EXCHANGE 2003

Three Districts from the San Francisco Bay Area (5170, 5130, 5150) and District 5030 from Seattle have formed a partnership to sponsor the simultaneous exchange of four vocational groups: technology, aqua culture, travel and health. District 5170's theme is technology. This will be the first GSE team in history to visit Vietnam. They are looking for four non-Rotarian young business and professional men and women in their initial years of professional life who are able to spend four weeks in Vietnam from March 3-31, 2003. Members will be selected by November 15. All travel and living expenses are paid. For further information contact **Lou Mirviss**.

Eric Hilding shared his visit to the San Felipe, Mexico Rotary Club. They met on a Thursday night at 9pm and have a total membership of 15. He was presented a flag, which he presented to our club President, Scott Schilling. Eric says they have an interesting way to start the meetings and suggests that we may start the same tradition. Something to do with liquid refreshments

The San Felipe Club has a very hefty fundraising goal with a target of \$29,000 for recreational park equipment. There are 4 women in the club presently.

Items for the tee bags are needed. There are 144 bags that we would like to fill for our golfers. Please see the golf committee if you have items to donate.

Heeds from Ohio. She has a bachelors degree in journalism. Found herself a single mom with a 3 year old and an 18 month old so went into corporate communications which lasted 25 years.

Sherry's last job in the corporate world was as a VP in a Public Relations Agency before embarking on her educational goals. At age 46 she graduated from Harvard. She then traveled around the world as head of a public relations firm. She met her husband which resulted in a blended family of five. She also received the prestigious Silver Anvil award from the PR Society in New York.

Back to California. Her husband is the CEO of Alien Technology. Sherry now works part-time as a reporter for the Pinnacle and operates a home business as a public relations service for companies that have downsized. She is very involved with Leadership Morgan Hill. Welcome Sherry!

Rotarian Kevin McGinty:

Married for 34 years to Diane with 5 children and 5 grandchildren located in Portland, Hawaii and Australia. People ask how do you get your kids to live so far away?!

Kevin was raised in SF, attended Berkeley through the Air Force ROTC as a pilot trainee and was stationed in Thailand. He flew 179 missions. His second tour he was an instructor pilot. After leaving the service he held a variety of customer service and marketing positions which took him to the far east and back to Gilroy. A friend introduced the world of life insurance to Kevin and he found that it was to his tastes. He is an independent broker and his wife joined him 5 years ago. He is also the executive director of the non-profit organization Christians in Congress and spent 16 years involved with the local Orchard Valley Youth Soccer League.

He and his wife find that they are now embarking on a new segment of their lives as "empty nesters".
