Speaking of Rotary....

Reported by Guy Aki

David Lister introduced our speech contestants and the firm and direct voice of a Romanian born 15 year old who aspires to be the president of the united states starts out the competition asking us all to vote for her when she turns 35.

Latina born contestant B greeted us with spanish and english questions she was asked by her parents. Education was a priority and being

more than just another young lady out there she will be and do what she wants to do.

Contestant C got us all to laugh a little and buy no means should she ever stop wearing pink. I can really see her building bridges big and or small for her friends and all of us one day.

All three contestants

made sure in one way or another that we all be made aware of the four way test. Is it the truth? Is it fair to all concerned? Will it build goodwill and better friendships? Will it be beneficial to all concerned?

Congratulations to all three contestants and even though the toastmasters put them into a winning category, they all finished first in our eyes.

As a new reporter and a red badge I was amazed at how quick the meeting came to order. Next thing I knew Alise Brentnall-Alexander led us into the salutation of the flag and her father Bob in some form of latin translation in which he starts his days, wanted to make sure that we all not forget our underwear. Mayor Kennedy had us raise our glasses in the air to remember the south county fire district

which protects our community and the fallen fighter who lost his life fighting a fire in los gatos.

As the meeting continued visitors were welcomed guest were introduced and President John turned the mic over to Dell Foster to wrap up one of the best Senior dinners. Dell commented on how well the whole event flowed and thanked everyone who helped him make it such a wonderful event with a

healthy bag of mixed nuts. Extra special kudos went to Randy Toch for the great steak, salmon and from what I gathered just darn good food.

Dell saved the best for last as we all know who was responsible for the how, the why and the knowledge on how to get the job done.....the one and only Rosy. And let us not forget what President John said after she received her blue badge and headed back to her seat... (see KUDOS pg 3)

(KUDOS) “EVERYONE GO TO ROSY’S AT THE BEACH AND EAT”...”but not all at the same time.”

Brian Martin came up for a few parting words before moving on his way out to do, according to his humor, “time in Soledad.” Brian thanked everyone for a wonderful club setting and experience. Before ending his monologue, he had the whole crowd in tears of laughter hoping he would be able to work in the area a little bit longer... or did he say long enough to be able to see Ramona naked as he walked away?

The Sheriff’s Roundup:

Sheriff David Bischoff took the microphone quickly and fined Bill Brown for the help he received last week in his question about coca cola and from there this reporter couldn’t add quick enough the names and fines because it seemed liked they doubled every time the answer was given to Sheriff Dave or the buck was passed. I do recall Rosy getting fined and Randy helping out with her fine after it was doubled.
